LB 1026

SENATOR ERET: Mr. Speaker and members, I simply repeat that I believe that this measure should be brought back to Select File to give us the opportunity to find out what is going on.

SPEAKER NICHOL: The question is the adoption of the Eret motion. All those in favor vote aye, opposed nay. Record, Mr. Clerk.

CLERK: 10 ayes, 22 nays, Mr. President, on the motion to return the bill.

SPEAKER NICHOL: The motion fails. Do you have anything else on the bill, Mr. Clerk?

CLERK: Mr. President, Senator Chambers would move to recommit LB 1026 to committee.

SPEAKER NICHOL: Senator Chambers.

SENATOR CHAMBERS: Mr. Chairman and members of the Legislature, for the life of me, when there is a serious discussion going on about a bill and it is clear nobody is raising trifling points just to delay it, why somebody will call the question thinking that those of us who want to comment on the bill will not find a way to comment. I am going to have a way to comment but now I have the opportunity to speak ten minutes on my motion, five minutes twice, then five more minutes in closing if I were just trying to delay the bill so that there wouldn't be a vote on it. I have already told you that I know it is going to pass, but I have some things I want to get in the record and Senator DeCamp indicated that I have made a mistake about the bill, so I want to ask him a question. Senator DeCamp, when is an institution insolvent...

SPEAKER NICHOL: Senator DeCamp.

SENATOR CHAMBERS: ...for the purposes of bringing the provisions of 1026 into play?
